INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In compliance with the duty of disclosure set forth in 37
C.F.R. §1.56, submitted herewith is a modified Form PTO-1449,
including a copy of all of the documents listed therein.

It is believed that the Examiner may find the documents
cited in the modified Form PTO-1449 material to the
patentability of one or more of the claims in the above-
captioned application. Accordingly, it is respectfully
requested that the Examiner make his consideration of these
references formally of record with the initial Office Action.

It should be noted that three (3) of the documents listed
in the PTO-1449 have been brought to the Applicants' attention
by way of the plaintiff in a proceeding pending in U.S. District
Court for the District of Delaware, namely in Micron Technology
Inc. v. Rambus Inc. The plaintiff identified the documents as
prior art against the inventions claimed in, among others, U.S.
Patent 6,038,195. The '195 Patent is an ancestor patent of the

instant Application. The three documents are explicitly listed on pages 40-41 of Appendix B - Micron Technology's Supplemental Response to Interrogatory No. 5 (hereinafter "SUPPLEMENTAL RESPONSE"). A copy of the SUPPLEMENTAL RESPONSE is enclosed herewith.

The Commissioner is hereby authorized to charge any fees which may be required in connection with this submission to Deposit Account No. 50-0998. A duplicate copy of this document is enclosed.

Date: August 10, 2001

Respectfully submitted,

Neil A. Steinberg
